NO HUNTING—Ernest Anderson, Bark River garage mechanic, breaks leg when he tries to right overturned truck. Page 2.

IT'S SETTLED, HUNTING'S OUT

Unhurt In Skid, Breaks
Leg Righting His
Truck

Apparently Ernest Anderson, mechanic at the Johnson garage, Bark River, just wasn't supposed to go deer hunting.

Anderson, whose home town is Manistowish, had worked overtime all week in order to be able to get in the first weekend of the season in the woods. He left for Manistowish Friday night and about 1 1/2 miles east of the Garden Junction he hit an icy spot on the highway, skidded off the pavement and overturned on the shoulder.

Uninjured, he clambered out and inspection revealed a couple bent fenders as the only damage on the pickup truck he was driving. From the looks of things he could continue on if the truck could be righted.

Several passing parties stopped and when there was sufficient help the men started lifting the truck to place it "back on all four." Anderson slipped and fell breaking his right leg. He was hospitalized for reduction of the fracture and now the trip was definitely off.

The above facts were ascertained for Michigan State Police investigated Saturday afternoon.

Rachel Kells, Escanaba, waitress, sustained a severe cut on the right leg which required her being hospitalized Saturday afternoon when an auto driven by Bernard Steele in which she was a passenger hit an icy spot on the road near Bay View and overturned.

Howard Rouse of Stephenson was treated for a knee injury when an auto he was driving westward on US 2-41 was struck by another auto traveling eastward driven by Agnes Burke of 127 S. 18th, Escanaba. Miss Burke told officers that the right wheel of her auto went off the pavement in the snowstorm and catching along the edge as she tried to bring the car back threw the vehicle into a skid in which it went across to the wrong side and struck the Rouse machine.

William Abrahamson of Route 1, Cornell, was ticketed for reckless driving after his auto struck another driven by Peter Overbeck of Grand Rapids on US 2-41 near the Buck Horn Inn. He appeared before Justice O. C. Estenson in Gladstone and paid \$25 and costs of \$3.35.

In another accident on Federal Highway 13 Ernest Buggert of Howard City, Mich., was ticketed for entering upon a highway in face of moving traffic after his auto had hit one driven by Eddie W. Jensen of McBride, Mich.

Hit And Miss Items About Deer Hunters

Harold Winchester, 617 South 19th street, and Bud Winchester, 802 South 17th street, spent the weekend at their hunting camp near LaBranche with Louis, John and Joseph Butryn and Arthur DuBrock of Schaffer.

John Gucky, Escanaba Route One, shot a six-point buck in the Ford River area Saturday morning at eight o'clock. The deer weighed 140 pounds.

Successful hunters who filled their license the first day of season include Oliver Chénier, of Flat Rock, who brought down a 10-point buck, weighing 200 pounds, at 8 a. m., while hunting in back of his farm.

John O. Moberg is the first member of the Big West club at Mashek to fill his license. He brought down a spike-horn weighing 150 pounds at 9:15 a. m., the opening day of season.

Carl Lueneberg, hunting with Francis Lueneberg and Vincent Guimond near Portage, shot a seven-point buck Saturday at 7:40 a. m. The animal weighed 187 pounds.

Harold Valentine and son, Jim, of 417 South 13th street, hunted Sunday in the Cedar River district and Harold was successful in bagging a spike horn buck weighing 120 pounds. The kill was made in the morning.

Ed Olson of 939 Stephenson avenue, who with a party of friends is hunting at his camp, Porcupine Haven, north of Cornell, Sunday, killed a spike horn buck weighing 125 pounds. The party is remaining in camp to continue the hunt.

Roscoe Pratt of 302 North 19th street bagged a four-point 150-pound buck Sunday morning while hunting in the Haymeadow district.

Among the successful hunters on the opening day Saturday was William Doucette of 1102 North 18th street. He killed a seven-point 149 pound buck near the Boney Falls road while hunting with Harold Woodard from the Woodard farm at 10:30 a. m. Saturday. There was no guessing the weight on his buck, Doucette said. He weighed it on the Cornell potato scales.

Melvin Bertrand of Stephenson avenue, Escanaba, hunting north of LaBranche, Saturday morning, bagged a 10-point buck weighing about 190 pounds.

A. G. Frizzell of 1413 North 19th street killed an 11-point buck Sunday morning while hunting

out of his camp near Cornell. Staying at camp to continue hunting is Alvin Frizzell of Escanaba, a brother.

Edgar LeClaire of Bay View Sunday afternoon bagged a 200-pound buck while hunting out of his camp at Pole Lake. In the hunting party are Mrs. LeClaire, and Mr. and Mrs. Carl Matthews and son, Carl, jr., of Onabey cabins. The party will return to camp Tuesday or Wednesday to continue hunting, with LeClaire making a try for bear. He reported that bear are still active and have not yet holed up despite the cold weather.

Among the first hunters to get their bucks on opening day was Melvin Hansen of 1027 Sheridan road, who shot a 175-pound nine-point buck near Brampton at 7:30 a. m. Saturday. Hunting with Hansen was his cousin, Jim Johnson of Brampton.

Clarence Anderson of 1411 North 19th street Sunday noon bagged a spike horn buck while hunting on the Trout Lake plains. It is his fourth successful hunting year in that same area.

William Beyersdorf, of Escanaba, and Rudolph Porath of Hyde were among Sunday's lucky hunters. Beyersdorf got an eight-pointer, weighing 200 pounds, and Porath, a six point buck, weighing 160 pounds. Both men were hunting near Hyde.

Two father and son teams filled their licenses on the opening day of season before 3 p. m. They are Harold Johnston and son, Glenn, and Charles Johnston, and son, Craig, members of the party at the Johnston camp at Old Kates.

Mr. and Mrs. Richard St. Martin and Mr. and Mrs. William Cerue have joined Harold St. Martin and Mr. and Mrs. Richard Temple on a hunting trip in the vicinity of Norway.

TAKE VETERANS HOSPITAL BIDS

Will Be Opened Dec. 23
For U. S. Project At
Iron Mountain

Sealed bids for the construction at Iron Mountain of a 250-bed Veterans Administration hospital will be opened at 11 a. m. Dec. 23 by the Department of the Army Corps of Engineers, Milwaukee.

The bids submitted will be for furnishing all plant, labor, materials and equipment, except materials and equipment furnished by the U. S. Government, and performing all work for the project in accordance with specifications. Bidders may bid for the construction of the entire project or for separate items of work.

"Any bid which is conditioned upon or proposes that the Government agree to the use of a price adjustment clause or a cost-plus-a-fixed-fee or comparable pricing arrangements will be rejected."

The entire project includes construction of the building complete and ready for occupancy and operation. It consists of a main hospital building, service building and utilities tunnel, nurses' quarters, manager's residence, duplex quarters, attendants' quarters. Also included are utilities and services both interior and exterior; with exterior including roadways, parking areas, sidewalks, railroad, landscaping, lawn sprinkler system, flagpole.

Only articles, materials and supplies produced in the United States will be used in constructing and equipping the hospital.

Fine losses in the United States in 1946 exceeded by almost 25 percent the damage done by the German incendiary blitz on England in 1940-41.

Place On Sale Six New Lake Michigan Navigation Charts

New editions of six additional Lake Michigan navigation charts were issued during October and are on sale through the U. S. Lake Survey, 630 Federal Building, Detroit 26, Michigan. It was announced by Col. Frank A. Pettit, district engineer of the U. S. Lake Survey.

The charts are numbered and described as follows:

No. 703—Coast Chart: Green Bay south of Peshigo Point and Horseshoe Point, Wisconsin, including Sturgeon Bay canal and coast from Jacksonport to Kewaunee, Wis. Insets: Oconto and Algoma harbors, Wis.

No. 705—Coast Chart: Platte Mich. to Lake Leelanau, Mich., including the Manitowish and Fox Islands. Inset: Leland Harbor, Mich.

No. 718—Little Bay de Noc, including Escanaba and Gladstone, Mich.

No. 735—Manitowish harbor, Wis., and Sheboygan harbor, Wis. No. 751—Chicago Lake Front from Wilmette, Ill., to Gary, Ind., and Chicago ship canal to Lockport, Ill. Inset: Gary harbor, Ind.

No. 758—St. Joseph and Benton Harbor, Mich.

The first five charts are priced at 50 cents each, the last at 25 cents. Payment should be made in the form of a money order or check drawn on the order of the Treasurer of the United States.

8 ORE CARRIERS ARE BEING BUILT

Bethlehem Steel Corp.
Replacing Lost by
Submarines

To cover the vessel losses sustained by submarine attacks during World War II, the Ore Steamship Corp. of New York, a subsidiary of Bethlehem Steel Co., has eight new ships in commission or building, including the steamer Feltore, the world's largest bulk freighter in the iron ore trade between Cruz Grande, Chile, and Sparrows Point, Md. Other sister ships now in commission are the Chilore, Lebores, Marore, Santore, and Venore, according to an article in the Lake Carriers' Association bulletin.

These ships are 564 feet 9 inches long on the keel, 78 feet 3 inches in width, and 43 feet 8 inches in depth. On a loading draft of 34 feet 3 and seven

eighths inches, their ore cargoes exceed 24,000 gross tons. For a comparison on size the Benjamin F. Fairless, one of the largest lake carriers, has a keel length of 614 feet, a beam width of 67 feet and a depth of 35 feet with a cargo capacity of 16,800 tons.

The S. S. Feltore is powered by steam turbines of approximately 13,000 shaft horsepower which will drive the ship at about 16 1/2 knots when loaded and approximately 18 knots when proceeding south in ballast to Chili, the equivalent therefore of 18 and three-sixteenths and 20 and one-quarter miles per hour, respectively.

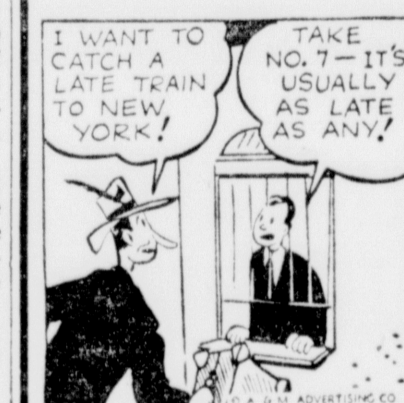

The voyage from Cruz Grande and return is approximately 8,800 nautical miles, the equivalent of 10,133 statute miles, and requires between 25 and 26 days, including Panama Canal passages, from cargo out to cargo out.

These ships are built along lines typical of ocean-going trade with the bridge superstructure slightly forward of amidships unlike the lake ships whose bridge is located as far forward as possible leaving an unbroken deckline between pilot house and after cabins.

VICTIM OF GAS IS RECOVERING

Archie Piche Improved;
Funeral Of Wife
Tuesday

Arthur Piche who was overcome by gas Saturday morning at his apartment, 429 South 16th street, is recovering at St. Francis hospital, it was reported this morning. His wife died of asphyxiation as a result of gas fumes that flooded their home from an open jet in the kitchen range.

The police investigation of the tragedy is continuing and Assistant Police Chief John Finn will question Piche this afternoon in an effort to determine how the jet was turned on.

Funeral services for Mrs. Piche will be held Tuesday morning at ten o'clock at the Allo funeral home.

The tragedy was discovered shortly before nine o'clock Saturday morning by Mrs. Paul Hebert, who lives in the downstairs apartment. When Mr. and Mrs. Hebert entered the Piche apartment after removing the hinges from the front door, they found Mrs. Piche dead in her bed and Mr. Piche lying unconscious on the floor of the bedroom. Police administered artificial respiration to Mr. Piche for an hour before removing him, still unconscious, to St. Francis hospital. An inhalator was used in a futile effort to revive Mrs. Piche.

Mr. Piche is employed as a baker at the Delta Baking company.

Sudden Price Drop Dangerous, State Budget Chief Says

Ann Arbor, Mich., Nov. 17 (AP)—State Budget Director John A. Perkins was on record today with a warning that the state might find itself in a precarious financial condition if current high prices dropped suddenly.

Perkins, in an address to the 22nd annual Michigan Accounting Conference at the University of Michigan, discussed the state's economic situation, with special emphasis on the present diversion of the sales tax.

"This law is satisfactory as long as we remain in a rising price situation," Perkins declared.

He said that under the present law, 44 per cent of the sales tax must be turned over to schools.

Perkins explained that estimate of the current year's sales tax is \$195,000,000 with \$87,000,000 of this to go to schools.

However, the budget director cautioned that if prices fall to 1939 levels the sales tax would rise only \$116,000,000. He said this would provide only \$77,000,000 for school use and added this would be \$10,000,000 less than the schools need.

"Responsibility for this situation lies with the people who

Royalty Assembles For Pre-Wedding Social Gatherings

London, Nov. 17 (AP)—The greatest assembly of European royalty since the 1937 coronation of King George VI was in London today for the first of a series of brilliant social events preceding Princess Elizabeth's wedding to Lieutenant Philip Mountbatten Thursday.

Most of the 27 members of current and former royal houses expected to attend the wedding already have arrived. With them came thousands of commoners, crowding into already jammed London hotels.

Princess Elizabeth was up at her usual early hour at Buckingham Palace, hurrying through preparations for a party at Saint James's Palace, where the wedding presents are on display.

She started her day by going through correspondence with her secretary and glancing occasionally at workmen decorating the route of the wedding procession from Buckingham Palace to Westminster Abbey.

One thousand guests were invited to today's party, officially listed as the first of the wedding week functions.

Tonight there will be a state dinner at Buckingham Palace, followed by a dance for 150 guests.

Scotland Yard assigned special details to guard the coming and going of no less than four visiting kings and six visiting queens.

HUGE ENGINE HAULING ORE

J-4 Locomotive Used
Between Escanaba
And Iron River

A big North Northwestern J-4 mainline freight locomotive is assigned to the Menominee range ore runs between Stambaugh yards and Escanaba docks for the first time this season. Only one big J-4, No. 2810, has been on the job this season but next year railroad men expect to see five or six hauling Iron River district ore to Escanaba. Displaced by diesels on mainline runs, the big Jay hauls 3,200 tons of ore out of Stambaugh to Antioine, then 10,300 tons to Escanaba. Over 100 feet long, the largest engine ever to pull a train over rails in Iron county, the big Jay carries 20 tons of coal and 15,000 gallons of water. It handles 110 cars of ore with ease on the level, and pulls 59 cars over the grades between here and Iron Mountain. West sidlers have heard its long low distinctive whistle and clanging bell every other day this season. The J-4 engine and tender, have a loaded weight of 684,000 pounds with a tractive power of 79,500 pounds. The average road engine pulls 3,900 tons of ore from here to Antioine, the J-4 draws 5,200 without effort.

NAVY REVISES ITS TEACHING

Commanding Officers To Attend Civilian School

BY ROBERT C. RUARK

Washington—The United States Navy, never known as a completely liberal organization, has just kicked tradition in the face by publicly admitting that there are things outside Bancroft Hall which may be of slight importance to the welfare of its help.

Navy is now taking a basic approach to the continued education of its men. It is sending the commanding officers to school—civilian school. It has espoused a fresh kind of correspondence course as vital to Navy's new look in the hard-bitten peace.

The deal is that George Washington University, a foundry of learning which is molding the thoughts of over 12,000 students, has added Navy to the list. An attempt will be made to teach the Navy's teachers how to teach in a manner to inflict wisdom upon the hired hands without recourse to the cat-o-nine tails or the keelhaul.

Recently George Washington had commanding officers of 50 Navy schools in its halls. A special textbook on painless education was handed them, and a week-long conference was held. The idea is that the CO's will go forth and labor among their students for 20 weeks, reporting to G. W. by means of a correspondence course, and then they return for another huddle.

The same technique has been used with the CO's assistants, and will be employed in December for 50 more commanding officers and their assistants at the Great Lakes Training Center in Chicago. In January, the braid from San Diego will get the same treatment.

It make considerable sense. The reason for this civilian indoctrination is that the Navy has finally realized that a man might

Hunters Are Fined For Deer Hunting

Munising—Fines of \$25 and costs of \$6.85 each were paid Saturday in Justice Virgil Faircloth's court by five men charged with having a shotgun with buckshot in a deer area within five days of the opening of the deer hunting season. The men were:

Jacob Malnar, Traunik; William Hoy, Trenary; Ralph Gibbs, Bronson, Mich.; Joseph Arsenault, Dearborn, and Adam Eskelinen, Deerton.

Oscar Swanson, Detroit, paid a \$10 fine and costs for hunting small game without a hunting license.

The conservation law arrests were made by Officers Glen Price, John Seppi and Mutchler. A \$50 fine and costs of \$4.40 were paid in Faircloth's court this week by Nedrick Gerou for drunk driving.

MUNISING BRIEFS

Among those who filled their deer licenses Saturday were Ellsworth Goodrich, Munising,

be a wow at directing the destruction of a Jap cruiser without being able to impart his special knack to a classroom full of neophytes.

This is a belated triumph of logic, as anyone who sweated out naval training schools in wartime will attest. The old Navy correspondence courses were creaky antiques. Actual classroom work was more of a penance for both teacher and pupil than an adventure in learning. A great many of the men with know-how were at sea, and some of the retired stiffs they dug up as educators were outlandishly incompetent.

The Navy has realized that the seaman has largely regarded the service school as an irksome duty which was a little more desirable than time in the brig, but not much. The selling job attempted now is to make the instruction flexible enough and attractive enough to put school work in a desirable category.

16,600 Jewish DPs Resettle in 1947

Paris (AP)—The American Joint Distribution Committee announces that it helped resettle 16,600 Jewish men, women and children in the first nine months of 1947. The largest number—5,229, representing about 30 per cent of the total—went to Palestine. Another 25 per cent went to the U. S. Special children's projects helped 532 children to countries offering them refuge.

The AJDC said it had 75,000 applications for resettlement, mostly from displaced persons in Germany, Austria, and Italy, and is receiving 6,000 more every month.

Toy Radio Fills Bill When Big Sets Fail

West Palm Beach, Fla.—(AP)—A toy she bought for her grandson turned out to be the only source of contact Mrs. William E. Wilmer had with the outside world when all forms of communication went dead during a recent hurricane.

The toy was a wrist radio operating without batteries, tubes or electricity. It received broadcasts when there was no electricity to power the house-radios and Mrs. Wilmer says it enabled her to keep in contact with warnings and the progress and course of the storm.

Hazel Johnson Of
Seattle Is Wed
At Bark River

Lighted tapers and bouquets of varied colored mums decorated Salem Lutheran church in Bark River for the wedding of Miss Hazel Johnson of Seattle, Wash., daughter of Sanford Johnson of Bark River, to A. W. Stauffenberg, of Hazelton, Pa., son of Mrs. Anna E. Stauffenberg, which took place Saturday, Nov. 15, at high noon. The marriage service was read by Rev. Emory E. Pokrant.

Miss Betty McNaughton, soloist, sang "I Love You Truly" and "O Perfect Love." Miss Shirley Bruce played the bridal march.

Attending the couple were Miss Gladys Johnson, of Park Falls, Wis., a cousin of the bride, and Algot Johnson of Ontonagon.

The bride wore a regent blue broadcloth suit with a winter white hat and winter white accessories and she carried a band bouquet of tansman roses. Her jewelry was a strand of pearls the bridegroom's gift. Her bridesmaid wore an aqua blue suit with black accessories and a corsage of pink mums.

A wedding dinner for 15 guests in the Marine Room of the House of Ludington was followed by a reception from four to six o'clock at the home of Mr. and Mrs. Al Johnson of Bark River, brother-in-law and sister of the bride.

Home in Seattle

Following the reception, the couple left by automobile for Seattle, where they will be at home after December 1. The bride is a teacher in the Seattle public schools.

Guests at the wedding included Miss Gladys Johnson of Park Falls, and Mr. and Mrs. Algot Johnson and family of Ontonagon.

New Classes In
Dancing Will Be
Formed This Week

Three new classes in dancing to start this week have been arranged by Jeannette LeCaptain, who arrived recently from Superior, Wis., to assume her duties as dance instructor and ice revue director for the City Recreation Department.

A dancing class for pre-school children will be held at the Youth Center every Thursday afternoon from 2 to 3:30 o'clock.

Ball-room classes at which the waltz, fox trot, jitterbug and rhumba will be taught, will be held for high school students on Wednesday evenings. The boys will meet from 7:30 to 8:15 o'clock, the girls at 8:15 o'clock, and an hour of general dancing will follow the two classes.

Classes in tap dancing also will be held. There will be four of these every Saturday morning, as follows: 9 to 9:45, first through third grades; 9:45 to 10:30, fourth through sixth; 10:30 to 11:15, Junior high school; 11:15 to 12, Senior high school.

The regular ballet schedule is as follows: Monday, Webster school; Tuesday, Franklin; Wednesday, Junior high school; Friday, Senior high school. All classes are from 3:45 to 5 o'clock.

Delta Bridge League

Due to the deer hunting season, attendance at the Delta Bridge League's regular session was smaller than usual, but interesting play was enjoyed.

High scorers for the session were:

- 1—C. D. Buckbee, sr.—B. M. Howe, 6300.
- 2—Mrs. F. Hoyer—Mrs. Johnson, 5705.
- 3—Mrs. D. L. Remington—Mrs. J. H. Shipman, 5525.
- 4—Mrs. Dehlin—Miss Sampson, 5310.
- 5—Mrs. Christie—Mrs. Louis, 5120.
- 6—Mrs. Needham—Mrs. Ferguson, 5050.

The league is planning one monthly master-point game for December, January and February and the three-session annual club pair championship tournament for possession of the Robert L. Parsons trophy, which probably will begin the latter part of January.

ABOUT SHEETS

Sheets should be carefully examined before they are admitted to the household linen closet. If you know your stuff, you'll hold the sheet that you are about to buy up to the light. A well-made sheet will have a smooth, evenly woven appearance. Lengthwise and crosswise threads will be of the same thickness. They will run straight and unbroken from selvage to selvage.

To test for an overdose of sizing (all sheets have some to give them a smooth finish) rub fabric together over a dark surface. If a white powder flakes off, the sheet is "loaded." Too much sizing washes out, leaving the sheet sleazy.

Thread count is another clue to quality. This is the number of horizontal and vertical threads woven per square inch. A count of 130-140 is the minimum for good sturdy muslin. Silky percale ranges from 180 to 200.

Hems should be straight and back-stitched at the ends to prevent unraveling. Most sheets are marked by "torn size" or size by measurement, deduct 10 inches for hems and probable shrinkage before deciding the length needed.

THE PRINCESS AND HER FIANCE—This picture of Britain's Princess Elizabeth and her fiance, Lt. Philip Mountbatten, in the White Drawing Room of Buckingham Palace, was specially posed in connection with preparations for their marriage on Nov. 20.

Installation At
Open Meeting
Of Eastern Stars

Newly elected officers of R. C. Hatheway Chapter, No. 49, Order of the Eastern Star, took their places at beautiful and impressive installation ceremonies held Saturday evening at the Masonic Temple, before a gathering of 200 Masons and Eastern Stars and their guests.

The nautical theme was effectively used throughout the ceremony.

The officers, who were installed by Mrs. Henry G. Olson, installing officer, Mrs. Henry Bathke, marshal, Mrs. Elmer Swanson, chaplain and Mrs. A. J. Mallmann, organist, were:

Mrs. Edward F. Erickson — Worthy Matron
Sam E. Dunn—Worthy Patron
Mrs. Henry Williams—Associate Matron
Theodore Farrow — Associate Patron
Mrs. William Kammeier—Secretary

Mrs. Anna Hansen—Treasurer
Mrs. Louis Amundsen—Conductress
Mrs. Joseph Rouse—Associate Conductress

Mary Elizabeth Hibbard—Adah
Shirley Hathaway—Ruth
Mrs. John Engbreiten—Esther
Mrs. Dalip Rehnquist—Martha
Mrs. Theodore Farrell—Electa
Mrs. John Gherna—Marshall
Mrs. Thomas McMeekan—Chaplain

Mrs. Willis J. Anthony—Organist
Mrs. Floyd Anutta—Warder
John Gherna—Sentinel

Music of the ceremony included solos by B. W. Hall and Mrs. Mildred Olson, and numbers by a quartet composed of Mrs. Albert Olson, Mrs. Charles Hammar, Mrs. Harold Crebo and Mrs. William Leiper.

Job's Daughters

One of the most impressive parts of the installation ceremonies was conducted by a group of 20 Job's Daughters, who, as Mrs. Erickson was at the altar, entered, wearing their white robes and carrying lighted candles, and, standing in cross formation, sang "Nearer My God to Thee." This part of the ceremony was in tribute to Mrs. Erickson, who has been a leader in Job's Daughters' activities since its organization here.

A formation of Masons, honoring Mr. Dunn was led by C. R. Henderson. Mrs. H. L. Holderman was the reader during the ceremonies, and Mrs. R. C. Shinn.

Olive Lindberg,
L. Beauchamp
Are Wed Today

At a ceremony performed in St. Ann chapel this morning at 7 o'clock, Olive Mae Lindberg, daughter of Mr. and Mrs. Leo Trotter, 215 South Eighth street, and Francis LeRoy Beauchamp, Lake Shore drive, were wed with Rev. Fr. Sebastian Majer officiating the services.

St. Ann's choir sang the music of the wedding mass, with Mrs. Fred Beauchamp, soloist. At the Offertory, Bernard Ammel sang "Panis Angelicus" and at the Communion, he sang "O Sanctissima." Miss Bernadette Cossette,

organist, played the bridal marches.

The couple was attended by Mr. and Mrs. Andrew Hurthibise, sister and brother-in-law of the bridegroom.

For her marriage, the bride was simply dressed in a two-piece regent blue ensemble with black accessories and an orchid corsage. Her maid of honor wore a two-piece rust ensemble with rust accessories and a corsage of white pompons and yellow chrysanthemums.

Following a wedding breakfast for immediate members of the families at the Trotter home, the couple left for a wedding trip to an unannounced destination. Upon their return they will live at 215 South Eighth street.

Q. Do disabled veterans have special preferential treatment in the reopening of certain Federal Civil Service examinations?

A. A disabled veteran with a recognized service-connected disability of any degree, or with a compensable non-service-connected disability, may reopen many Civil Service examinations which have been closed to the general public.

Q. Why does closing the top of a flue with a damper extinguish a fire?

A. Because it cuts off the draught. The carbonic acid gas generated through the combustion soon puts an end to the fire.

Q. I have heard that despite the serious situation in Britain, the princess to be married will be dressed in a gown costing about \$5,000. Is that true?

A. The price is an estimate based on the quality and the amount of cloth used. The dress is made of a beautifully flowered brocade with a high slit which is the secret of a Scotch weaving firm. It will have a 180 foot train which would require 6 years of clothing rationing for the average British girl to duplicate.

BUMPER WHEAT CROP POSSIBLE

Great Plains Dry Spell Delays Seeding Of 1948 Fields

By Ovid A. Martin

Washington, (AP)—A bumper wheat crop is still possible next year despite a serious seeding delay in the great plains, agriculture department officials said Thursday.

A department crop report yesterday said about 25 per cent of the intended wheat acreage in Nebraska, Kansas, Oklahoma, Texas, Colorado and New Mexico remained unseeded November 1 because of critically dry weather.

These six states produced about 49 per cent of this year's record crop of 1,406,000,000 bushels.

The report said seeding has progressed well, however, on what now appears to be an increased acreage in all other important producing areas.

Officials said that assuming next year's production in the six drought-affected states is only one half this year's, it still would be possible, on the basis of present prospects, to harvest a total crop of at least 1,000,000,000 bushels.

The United States has produced only four crops of a billion bushels or more, and they were grown during the past four years. Wheat output averaged 890,000,000 bushels for the 1936-45 period.

Plans were made to hold a community Christmas party for the children of the township through the sixth grade at the club house on Christmas eve. The students of

the Junior and Senior high school will be given a party at the school later. Donations from the Lions Club, B. A. R. E. and Bay de Noc company will make the party possible. Mrs. Lloyd Camps will be the general chairman of the event. Other members of the PTA including Mrs. Henry Sargent, Mrs. Al Hescott, Mrs. Howard Olmsted, Mrs. Clyde Tobin, Mrs. Kenneth Bogar, Mrs. George Miller, Mrs. Joe Labadie, Mrs. Nick Genuenden, Mrs. Ed Tobin, Mrs. Antone Deloria, Mrs. Dave Cloutier from Nahma, Mrs. Thomas Beaudy from St. Jacques and Mrs. Bonifas from Isabella will also help with the party.

After the business session Rev. Hummon of Rapid River showed pictures which were greatly enjoyed by the crowd. Cards followed with high in bridge held by Mrs. Nick Bonifas, in five hundred by Mrs. Arvid Sundin, in cribbage by George Miller and Mrs. Joe Labadie won the games prize. Lunch was served in the school dining hall by the November committee. The committee to serve in December are as follows: chairman, Mrs. Krutina, Mrs. Clyde Tobin, Mrs. Edwin Peterson, Mrs. Kenneth Bogar, Mrs. Joe Labadie and Mrs. Ed Tobin.

HIGH SCHOOLParents And Teachers
Will Discuss Mutual
Problems Nov. 20

Open house at Manistique High school, and junior high school, when parents of students may meet their children's teachers and discuss problems of mutual concern, will be held on the evening of Thursday, Nov. 20.

This occasion, which has become a time honored one at the school, will differ from those in the past in that the students will not be at their classes when it occurs. In past years, classes were held and parents could come to see the workings of the school. This year, however, parents may call at the class rooms of the different teachers and meet them on an informal basis.

Members of the school band and the school glee clubs, however, will be present to assist in the program which will follow the open house session.

This get-together is in keeping with National Education Week and it is being sponsored by the PTA organizations of the city in collaboration with the school faculty.

Following the visiting session, there will be a program in the school auditorium made up of band selections, glee club chorals, numbers talks by members of the student body and closing remarks by the PTA president.

The program will be followed by refreshments served by the PTA in the domestic science room.

Presby. Women's
Society To Hold
Praise Service

The Women's Society of the Presbyterian church will hold its annual praise service on Wednesday, November 19 at 3 p. m. in the church parlors.

Mrs. Samuel D'Amore will sing and Rev. Paul Sobel will play a violin solo. Also included in the program are Thanksgiving readings by Mrs. William Norton and Mrs. Elwood Taylor.

Members are reminded that the annual praise service is a guest day.

Cooks High School
Launches Newspaper

Cooks High school has launched a publication of its own edited, managed and mimeographed by the students themselves. The paper, published monthly, is called appropriately enough "The Spud."

It is a well balanced newspaper containing news of the school, announcements of coming events, a sports page, editorials, advertisements and, in addition news of the neighborhoods represented by the student body.

HOTEL MAN HIT
BY STRAY SHOT

Injury, Not Serious,
Is First Mishap
Here This Year

Francis Schon, 37, proprietor and owner of Hotel Ossawinawakee, in Manistique, was shot in the left shoulder by a stray bullet while hunting in the Bursau creek area, south of Thompson Sunday afternoon.

The mishap happened about two o'clock in the afternoon while he and a hunting party were operating in that area. He was alone at the time the mishap occurred. The shot entered just above the shoulderbone inflicting a flesh wound but not causing serious injury. He was treated at the Shaw hospital here and later released.

The hunter responsible for the injury was not disclosed by state police who investigated the incident. It is definitely known that it was not one of the party with whom he had gone hunting.

Police were also called out Sunday morning to the Duck Creek area in the northern part of the county to help search for a down state hunter who had not showed up at camp. However, by the time they arrived at the scene the lost hunter had been accounted for. He had spent the entire night in the woods. He suffered no ill effects of the ordeal. The identity of the hunter was not divulged.

Warner-Davidson

Mr. and Mrs. O. F. Warner of Marquette announce the marriage of their daughter, Patricia, to Donald D. Davidson, son of Mr. and Mrs. Alber Davidson of Cooks, on Saturday, October 25. The ceremony took place in the parsonage of the Marquette Methodist church, the Rev. E. A. Howard officiating. The bride wore a grey gabardine suit with brown accessories and a corsage of yellow roses. The couple spent their honeymoon in Ontonagon at a cottage on Lake Superior. The bride is a graduate of Graveret high school, class of 1946, and is employed by the Michigan Bell Telephone Co. The bridegroom is a graduate of Cooks High school, class of 1945, and is enrolled at Northern Michigan College of Education at Marquette, where they will reside.

25th Anniversary

Mr. and Mrs. William Barker were pleasantly surprised recently at Kerridge's resort, the occasion being their 25th wedding anniversary. Fifty couples attended the party. Dancing and games were enjoyed after which a mock wedding was held. Refreshments were served from a beautiful table which had a three tiered wedding cake topped with a miniature bride and groom, as the centerpiece. Out-of-town friends and relatives who attended were: Mrs. Barker's mother and sister, Mrs. Della Bodette and daughter, Bell, Mrs. Georgiana Racicot, Mr. and Mrs. Lloyd Garret and daughter, Patsy, and Miss Myrtle Woolen all of Escanaba.

Bridal Club

Mrs. L. E. Hambeau entertained members of her bridge club on Friday evening at her home on Manistique avenue. High score was held by Mrs. Fred Hinkson, second by Mrs. Henry Nelson, and low by Mrs. Nancy McNamara. Refreshments were served. Mrs. Fred Hinkson was a guest of the club.

Bethany Society

On Thursday evening the Bethany society of the Zion Lutheran church met in the church parlors. During the business meeting plans were completed for the Bethany bazaar and bake sale to be held November 20. Election of the following officers was also held. Mrs. Carl Wedell, president, Mrs. Henry Mattson, first vice president, Mrs. Stanley Schust, second vice president, Miss Lydia Strom, secretary, Miss Elsie Ekstrom, treasurer, and Miss Evelyn Lofgren, reporter. Devotions were led by the Rev. G. A. Herbert. A planned pot luck was served at the close of the meeting.

Everyone At Camp
LeMaire Got Deer

Extra good fortune attended the hunters at the LeMaire-Roski hunting camp about 18 miles north of here.

George Schweikert scored first with a 220 pound, 10 point buck. Jacob LeMaire followed suit shortly afterward with a 200 pound ten pointer. Frank LeMaire scored next with a six pointer. Walter Horst, of Dearborn, wouldn't be outdone. He got an 8 pointer and Carl LeMaire made it unanimous with a spikehorn.

All this happened Saturday morning.

HEAVY SNOW
CURBS HUNT

Hunters Stay Indoors
On Opening Day Of
Hunting Season

Heavy snows, piling up in drifts in open spaces, had a noticeable effect upon the number of proud and happy down state people heading homeward with deer on their running boards and every so often a bear attached to the top of their cars.

The first day's kill of deer was comparatively small if the number of carcasses seen passing through Manistique streets. It may have been, however, that hunters had been successful but had decided to remain in camp until weather cleared.

The Ross Klagstad family, Route 1, Manistique, were the earliest in this area to report their good fortune. Eight o'clock, Saturday morning, Mrs. Klagstad sighted a beautifully antlered buck on the farm edge, took a bead for a long shot and pulled the trigger. The animal leaped into the air and dropped in its tracks. A few minutes later she heard the crack of a rifle and a triumphant whoop. Her son Donald duplicated the stunt about a quarter of a mile away. Both were ten point bucks.

Over in the Germfask area, about the same time, another youngster, Howard Hartman, 16-year-old son of Mr. and Mrs. L. E. Hartman, of the Ten Curve Cabins, rejoiced over his first deer, an 8-point buck weighing about 250 pounds.

Over at the state police headquarters, officers on the alert for calls, have found the situation quiet. Up to late Saturday, the season had been marred by no mishaps. The plane crash the evening before, had evidently had a subduing effect upon any who might be inclined toward carelessness.

Local observers, acquainted with the ways of deer, state that deer are heading for deep cover, which is taken by many as a reliable indication of deep snow and rough weather ahead.

HUNTER LOST
PART OF NIGHT

Returns To Camp After
Search Parties
Organized

The first call to hunt for a lost hunter came Saturday night when Allen Roe, 18, of Highland Park, Mich., failed to return to his camp near the Mormon Creek road trail swamp in Ensign township by nightfall.

Conservation department officers, Michigan State Police and sheriff's department officers organized a searching party. About 2 a. m. Sunday they were notified that Roe had been located.

Ellsworth Reubel, downstate hunter, who was being sought in eastern Dickinson county to be apprised of the death of his father, was located through the medium of a report broadcast over a radio news hour.

Dakota May Have
Manganese Plant

Oacoma, S. D.—Development of a manganese reduction plant that was operated here on an experimental basis by the government in wartime is planned by a former South Dakota governor, M. Q. Sharpe. However, Sharpe declines to elaborate, pending a technical report on wartime experiments by the U. S. Bureau of Mines.

The pilot plant was built to find an economically feasible means of extracting ferro-manganese from shale outcroppings along the Missouri river bluffs. Sharpe, a Kennebec, S. D., lawyer, for years has owned the land on which the plant stands and leased it to the government for \$1 a year during the experiments.

FIND HUNTER'S BODY IN WOODS

Marquette Officers Say Man Is Still Not Identified

Marquette authorities early this afternoon were investigating a report that the body of a hunter had been found in the woods about three miles from Republic. Identity of the man was not known at this time.

Del Swanson of Republic discovered the body while hunting and did not examine it, according to Marquette state police. His report to the Marquette state police was made at 12:58 p. m. and authorities did not know whether the man had been the victim of a hunting accident or had died of natural causes.

Added to the list of hunting season victims was Charles Milner, 66, of Muskegon, who died Sunday of a heart attack in the Ottawa National Forest 25 miles northwest of Iron River.

Two deer hunters suffered broken bones and 11 others were lost and found in the Delta county area during the first weekend of the hunting season.

Waino Heikkinen of Rt. 1, Cornell Sunday suffered a fractured leg while hunting and is receiving treatment at St. Francis hospital. Hubert Pavey, 60, of Michigan City, Ind., was treated Sunday at the hospital for fractured ribs suffered in a fall while hunting in Delta county.

Of the 11 hunters lost over the weekend, most of them found their way out by themselves, although officers and friends organized searching parties for some of them before they were reported safe.

Francis Sharkey 24, and Norval Lalonde, 5, of Rock, found their way out of a swamp bordering the Taccoosh river one mile east of Trombley at 12:30 a. m. today after wandering lost for about 10 hours. They had entered the swamp to hunt at 1:30 p. m. Sunday.

Allen Ros, 19, of Erie, Mich., made his way out of the woods at 2:30 a. m. Sunday after being lost since Saturday afternoon one and one-half miles north of the fire tower on Sconington Peninsula.

Ed Arnikel of Marquette was found at 8 p. m. Sunday by a searching party in the vicinity of the Johnson tower in Alger county. He had been lost since 2 o'clock in the afternoon.

Bad Driving Habits Boost Auto Death Toll in Michigan

Lansing, (AP)—State Highway Commissioner Charles M. Ziegler has listed three bad highway driving habits as contributing to Michigan's toll of 1,470 lives lost last year in 110,531 accidents.

They were: 1—Disregard of pavement markings—the "no passing" yellow lines in hills or the double yellow lines in the center of a pavement.

2—Straddling the broken line denoting the separation of two lanes, thus taking up space in two lanes and crowding other drivers.

3—Driving in the center lane of three lane and the inside lane of four-lane roads.

"No-passing lines and lane markings are placed on pavements only to mark danger areas," Ziegler said. "These markings are not made in a haphazard manner but are placed only after careful study by engineers."

DPs Like The Byrd Family Celebrate Real Thanksgiving

Something to be Thankful For: Willie Byrd and his family enjoy the luxury of a peaceful breakfast in their new Dallas, Tex., home. Memories of hunger and Gestapo terror are fading.

By NEA Service
Dallas, Tex. (NEA)—When Thanksgiving Day rolls around, Willie Byrd, 54 will say a short, fervent prayer, reach for the carving knife, and begin slicing his first Thanksgiving turkey.

Byrd and his family have reason to be especially thankful. They are among the thousands of DP's—they call themselves "Delayed Pilgrims" now—who, since last Thanksgiving have fled the persecutions of Europe for the peace and security of the United States.

They came here friendless, moneyless and without resources except determination and hope. The United Service for New Americans guaranteed they wouldn't become public charges, and helped them get relocated.

It was a good gamble. Byrd, his wife Fanny, and their daughter, Elizabeth, 26, landed in the U. S. last February. In nine months they have moved to Dallas, found a home and jobs, obtained first citizenship papers; attended night school to study English, American History and Government, and

begin saving money to pay for their own home or perhaps a business.

A year ago they hardly dared hope any of this would be true. They still were living in the shadow of the war. Among their family of aunts, uncles and cousins, they alone had survived.

In peacetime Berlin, Byrd owned several shoe stores. The Nazis took those.

"In 1943 we had to separate and go into hiding," Elizabeth says. "The Gestapo was looking for us. For two years we lived underground, with friends or wherever we could. Every fourth Thursday we managed to meet, or to pass letters to one another through friends. This was our only contact."

"But we were lucky, because when our Berlin home was hit by a bomb, a friendly policeman told authorities we all were inside and had been buried. After that they didn't hunt for us too much."

"The first Russians that reached our suburb, the tankmen, were polite and didn't harm us. The second group confiscated watches and things like that. The third group took away a 15-year-old girl, so my father and another man hid me under a blanket and sat on me all night as though I were a couch, so the Russians wouldn't find me."

"Then I went into hiding again and for six weeks I lived in the closet of a bombed-out home."

Elizabeth worked for the U. S. military government as an interpreter and stenographer. She was one of the few who could take shorthand in both English and German. Later she worked for the Joint Distribution Committee, helping other refugees. Her father tried to rebuild his lost shoe business in a shoeless Germany. All the time they worked and planned to come to America.

Finally on July 2, this year, they left Berlin for Bremerhaven. On the last day of their visit they climbed aboard a boat sailing for the U. S. One day later they would have been turned back, to wait many more months for a new visa.

Now the memories of these dark days are fading. The Byrds are happy and healthy again. Elizabeth has married an American and started a home of her own.

The Byrds are just one family among more than 5000 DP's the United Service for New Americans is helping to resettle each month.

The first 330 DP's who arrived on May 20, 1946, now live in 45 communities in 22 states. Two-thirds are at least partly self-supporting. The others are mostly housewives, full-time students, pre-school children or very old persons. They are working as cabinet makers, upholsterers, watchmakers, mechanics, tailors, cooks, typewriters, nurses. One is a singer, another a teacher. There are a butcher, a baker, a barber. None has received any public relief. At least 80 per cent have taken out first citizenship papers.

A recent sampling of 20 per cent of all DP's who have arrived since 1946 showed 75 per cent were self-supporting within three months of their arrival. 40 per cent within the first month.

Pension Rolls Cut By Estate Claims Against Recipients
Lansing, (AP)—A 1947 law permitting State claims against the estates of former old age assistance recipients has slashed old age pension rolls several hundred cases in the past month.

W. J. Maxey, state welfare director, reported that old age assistance rolls dropped 1,043 cases to 93,124.

"A check on the cancellations of assistance last month compared with the same month a year ago showed," Maxey said, "that 1,436 were cancelled this year and 972 a year ago. Since we should be having a seasonal increase this time, it looks to me as though the reduction is due to the new law."

The monthly statistics were considered the first positive evidence of a decline attributable to the new law. Sponsors of the measure contended it would force the relatives of elderly people to support them if they wished to benefit from their estates.

Maxey reported that aid to dependent children cases increased 147 cases to 20,443 last month and aid to the blind five cases to 1,448.

Miners in Czech Form Flying Club
Ostrava, Czechoslovakia—(AP)—An airplane club for miners, believed to be the first of its kind in the world, is to be started at Ostrava. The club which will encourage miners to learn to fly will come into existence on Jan. 1.

The management of the local mines and the workers council have donated the money necessary for the purchase of four training planes.

SENATE GROUP OPENS MEYERS' INVESTIGATION

party. Lamarre said he had a \$35 a week job and his wife was secretary to Meyers when the Army officer gave him the job with the Dayton concern.

Lamarre said he thought it was some time in 1943 that he removed Meyer's name from the firm's records.

Chairman Ferguson (R-Mich.) wanted to know whether Meyers explained why he wanted his name removed.

Original Investment
"I don't recall that he told me exactly why," Lamarre said, "but I had gained the impression from him that in his position in the Army he could not afford to be connected with any company."

Lamarre testified that Meyers put up the \$500 for the original capital investment, although the 500 shares of stock were not issued in his name, and that he later paid bills, approximating \$6,000 and received six per cent demand notes in return.

He said further that Meyers made the original entries in the firm's books at his home at Wright Field, Dayton, in Lamarre's presence.

Committee counsel William P. Rogers asked him: "There was no doubt that he (Meyers) was the boss and he owned all the stock?"

"That is right," Lamarre said. "The firm was organized in late 1939."

Under questioning by Ferguson, Lamarre also testified that his wife was employed for a time as Meyers' secretary at Wright Field, Dayton.

TRUMAN ASKS FOR LIMITED PRICE CONTROL

(Continued from Page One)

we may encounter in the future," he admonished.

Inflation already is here "to an alarming degree" and it is "getting worse," he declared.

Accordingly the president set forth his program to combat it by three types of measures:

(1) To relieve monetary pressures. (2) To channel scarce goods into most essential uses. (3) To deal directly with specific high prices.

Elaborating on his proposals for authority to restore rationing and price controls, the president said ceilings should be permissible on "vital commodities in short supply that basically affect the cost of living."

Food, clothing, fuel and rent, he said, are the basic elements in living costs.

Stamp Profiteering
In addition, he said, the legislation he wants from Congress should be broad enough to allow imposition of price ceilings on scarce vital commodities basically affecting industrial output.

"This," he said, "will enable us to stamp out profiteering and speculation in these important areas."

He said that this does not mean that price ceilings should be imposed on all items in the classes he mentioned. Ceilings would not be necessary, for example, he said, for stable food and clothing items that are not scarce, or for delicacies or luxuries, and the same kind of selection would apply to industrial items.

He called for authority to restore consumer rationing as a "preparedness measure" which would permit rationing of basic living cost items on a "highly selective basis."

Mr. Truman said he thought that even should shortages of a few commodities at the consumer level remain serious for a while, he believes that fair distribution can be accomplished largely without consumer rationing.

But no one can tell how serious some shortages might become, he said, so rationing authority should be on hand.

Hit And Miss Items About Deer Hunters

Gordon Paulin, 212 North 20th street, got an eight-point buck weighing about 200 pounds, Sunday morning along the Old State road.

Verner Anderson and Uno Anderson of Cornell filled their licenses Sunday. Each bagged a 190 pound deer on the Truax road.

Leonard C. Ward, of Menominee, son of Rev. and Mrs. James G. Ward, 515 Third avenue South, bagged an eight-point buck while hunting near Bill Karas' camp on the Escanaba river Sunday morning. It was Leonard's first buck, and he picked a big one. The eight-pointer tipped the scales at 190 pounds.

Reactionaries Seek War With Russia, Vishinsky Charges

(Continued from Page One)

"Look, for instance, at the statement by Dulles in the assembly, made on behalf of the government of the United States," Vishinsky declared. "He said there would be 'no retreat' to the systems of Tehran, Yalta and Potsdam."

"I was amazed, because Tehran, Yalta and Potsdam are great, historic examples of cooperation against fascism and for the defense of democracy."

Soviets Want 'Friendship'
"At Tehran, the three great leaders did not just sign an agreement, but they uttered solemn oaths to unite their efforts to rout a dreadful enemy * * * and they said Germany would never again arise out of the ruins." Vishinsky said this pact was renewed at the other conferences.

Vishinsky, who departed almost entirely from his prepared speech, unofficial translations of which had been distributed before the dinner, explained that "what I heard and felt tonight cannot be expressed by words written yesterday."

He asked his audience: "What does it mean, this tendency of American foreign policy to rehabilitate heavy industry in Germany? Instead of eliminating German cartels, there are attempts to reconstruct them and give them greater strength."

Vishinsky said some people, including Americans, favor this because of a tendency to use Germany for their own plans—so that Germany can be directed against Russia," and he declared the policy "means to dissolve the real cooperation which we, the Soviet Union, desire between nations."

Vishinsky said every step toward strengthening friendship between the American and Russian peoples "finds the most hearty welcome and most warm response among all the Soviet peoples."

Rotary Club Hears Dr. Eversole Tell Of Bangs Control

Dr. G. S. Eversole, in charge of the Michigan department of agriculture branch laboratory in Escanaba, described the tests made for Bangs disease and mastitis in cattle and the programs designed to control the disease for the protection of the cattle industry.

The U. P. branch laboratory was established in Escanaba two years ago to speed the reports on samples from the cattle taken by veterinarians.

Blood tests are made to discover Bangs disease (contagious abortion) and milk tests for infectious mastitis. September this year was the busiest month at the U. P. branch laboratory since it was established, with a total of over 6,000 samples being tested.

In controlling Bangs disease in becoming infected with undulant cattle the possibility of humans fever is reduced. Dr. Eversole emphasized, however, that only pasteurized milk should be consumed because pasteurization destroys the bacillus.

Under the law cattle cannot be transferred without first obtaining a certificate showing they are free of Bangs disease. This has been upheld to also prevent even the transportation of infected cattle on the highway, Dr. Eversole pointed out.

Traffic Accidents Account For Seven Weekend Fatalities

By The Associated Press

Seven persons, four of them motorists and three pedestrians, were killed in traffic accidents during the weekend and four persons were injured when a Saginaw-to-Midland bus overturned near Midland.

A World War II amputee, Nelson R. Pauley, 28, Lansing, was killed Saturday when his specially fitted car sideswiped a truck near Charlotte. Willard Sims, 28, Lansing, who was riding with Pauley escaped with minor injuries and the truck driver was not held.

A 64-year old Albion woman, Mrs. Anna Towne, was killed Saturday when her car struck a bridge west of Pontiac, plunged down an embankment and hit a tree.

Mr. and Mrs. Joseph Graser of Petoskey drowned Saturday morning when the truck in which they were riding plunged into Lake Osceola near Reed City.

The three pedestrians died Sunday. Betty Jean Denson, 18, Royal Oak, and Mrs. Ruth Helen Van, 55, Drayton Plains, both were killed as they walked across the rear of buses and were struck by cars.

John Federspiel, 54, Detroit, was killed when struck by a car on Seven Mile road.

Actors Group Will Disavow Communism

Hollywood, Nov. 17 (AP)—The Screen Actors Guild called on its leadership last night to disavow Communism, and elected Ronald Reagan as president.

The guild will be eligible for office in the organization unless he signs an affidavit stipulating that he is not a member of the party.

Other officers elected are Gene Kelly, William Holden and Walter Pidgeon, vice-presidents, and Olivia de Havilland, treasurer. Leon Ames defeated Marsha Hunt for secretary.

Directors are Dana Andrews, Edward Arnold, Charles Bruckford, Lee Remick, Hume Cronyn, Dan Duryea, Van Heflin, William Lundigan, Larry Parks, Tyrone Power and Anne Revere.

Defendant Bound To Circuit Court

George James was bound over to circuit court this morning on a charge of disorderly conduct, third offense. He was arraigned in justice court on the charge and waived examination. Bond was fixed at \$300.

Sigler to Submit To Operation In Lansing Dec. 15

Lansing, Nov. 17 (AP)—Governor Sigler will enter St. Lawrence hospital here Dec. 15 for the removal of his gall bladder and appendix.

Sigler, after a conference with his personal physician, Dr. Cyrus B. Gardner, said today the operation would be done by Dr. Frederick Collier, chief surgeon of the University Hospital at Ann Arbor.

Sigler said he would probably be convalescing for three or four weeks but that he would be able to carry out some executive duties from the hospital.

"They tell me I have a non-functioning gall bladder and my appendix has been bothering me," Sigler said. "Rather than have these hit me when I can least afford the time, I have decided to have them both out when state government is at its quietest during the holiday season."

LEFTIST POLES CONSOLIDATE
Warsaw, Nov. 17 (AP)—Leftist members of the Polish Peasant Party prepared today to consolidate their control of the organization by electing to top positions three men who led the opposition to the party's former president, Stanislaw Mikolajczyk, now a voluntary exile in London.

The three—nominated yesterday without opposition for president, vice president and secretary of the party's supreme council—are Josef Niecko, Czeslaw Wych and Kazimierz Banach.

He was using a long rod to direct flow of the gravel from a storage bin when he lost his balance and fell into the mixture. The more he struggled to free himself, the deeper he sank until he was covered up to his chin.

Another worker, Theo Marcucci, shut off the gravel flow, warned Hoard not to move a muscle and sent out an alarm.

Hoard was pulled to safety after firemen had cut a hole in the side of the hopper with acetylene torches so the gravel could run out. He was unscratched but suffering from shock.

U-M, Irish, Penn State, SMU Only Four Still Unbeaten, Untied

Notre Dame Must Face Trojans; Wolves' Stock Up After Wisconsin Win

By JOE REICHLER
New York, Nov. 17 (AP)—The odds today were against all of the "big four" of college football—Notre Dame, Michigan, Penn State and Southern Methodist—staying unbeaten and untied for the balance of the campaign.

Not a week has gone by without one of the major teams being knocked off the unbeaten and untied list. Last Saturday, for instance, Penn, Georgia Tech and Utah were sent sprawling off the spotless perch. SMU had a close call, coming from behind to win.

Sports Roundup

By Hugh Fullerton Jr.
New York, Nov. 17 (AP)—Apparantly even Branch Rickey has found he can get too much of a good thing. . . . When the Dodgers sold Ed Stevens and Stan Rojek to the Pirates the other day, the Brooklyn deacon commented: "Our over-the-limit roster has long been a source of concern, if not embarrassment. x x x we wanted to go into the recent draft and acquire two or three pretty good players. We couldn't draft anybody." . . . Brooklyn, you know, has so many farms that chief plover jockey Mickey McConery, former sports editor of the Kearney, Neb., Hub, claims he doesn't know how many until he reads the morning reports. . . . It seems they're turning out prospective major leaguers faster than the parent club can assimilate them.

Entry blanks are out for the "pre-Olympic" Millrose indoor track meet Jan. 31. . . . Lightweight Roberto Proietti of Italy, who fights Johnny Williams at St. Nick's tonight, and Middleweight Marcel Cerdan of France are the only undisputed European boxing champions. . . . Good Jackie Robinson, Baylor's preacher-basketballer, will be the standard case star in the southwest this winter with Stan Martin of Texas and Lanky Al Williams of Arkansas as his rivals. . . . Bob Windsor, Detroit Lions' backfield, was hired by the Pacific Coast Conference last week to scout Michigan for the rest of its season. . . . Emile "The Cat" Francis, Chicago Blackhawks goalie, probably set a record when he was penalized for fighting in two successive hockey games. . . . Of course, his great temptation for a goal to slip in a punch. He's protected by all those nads—and another guy has to sit out the penalty.

Hurley Duff, one of baseball's great all-time hitters, is the only National leaguer who ever hit four home runs before he stooped to seeking a double or triple. . . . Duff, breaking in with Chicago June 23, 1923, hit nothing but singles until July 11, when he touched Hank O'Day for a homer.

He had four circuit blows to his credit on August 3, when he made his first triple and he didn't set a two-bagger until Aug. 9. . . . Seems the boys had to work for their extra base hits in those days.

The museum of the city of New York will open an exhibit, "The Ring and the Glove—A History of Boxing," this week. . . . E. C. "Irish" Kruger, who lives in Columbus and has a son playing on the Ohio State team, will be one of the officials for the Ohio State-Michigan game Saturday. . . . Faced with the housing shortage, Roy and Alice Weber secured permission from the fair board at Eldora, Iowa, to convert two box stalls at the fair grounds into an apartment. . . . They're all set for the winter—if the price of hay doesn't go up.

PGA Annual Meeting Marred By Flareups

By JERRY LISKA
Chicago, Nov. 17 (AP)—The Professional Golfers' Association today opened a dissension-torn annual meeting in which Ben Hogan demanded a "smear campaign" against president Ed Dudley and Vice Ghezzi faces possible expulsion for a blast at the method of Ryder Cup selections.

Hogan is determined—with a strong hint of throwing a punch or two in righteous indignation—to get a snowdown on "utterly false accusations that."

1. He is lined up with Dick Metz and Horton Smith in a faction which seeks to oust Dudley as president and is booming Smith for the post in the annual election scheduled tomorrow. Dudley has been PGA president for five years.

2. He was burned up when "retired" Byron Nelson, his former Texas golfing buddy, was named on the Ryder Cup team which trounced Britain at Portland, Ore., Nov. 2-3.

Also on the Ryder Cup subject, Ghezzi tossed another stick of dynamite at the already strained assemblage of professional golf's hierarchy last night with a charge he was "robbed" of a chance to play on the American squad and also the PGA tournament committee did a "secret" about-face on its policy against "treated" scorings on club faces.

George Schneider, chairman of the tournament committee, promptly said the Ryder Cup selections were fair and square and that there was nothing mysterious about the PGA's decision to let players' eyes with the type of club facings they preferred. (Schneider admitted the PGA gave a summer-long trial to rigid inspections against extreme markings to give players better control of the ball but dropped the practice last September because the United States Golf association "failed to co-operate").

Schneider said that Ghezzi's complaint would be heard by the executive committee today, but that he might be expelled from the PGA for telling his woes to the press, "violating the code of ethics."

Hogan, specifically was gunning for Freddie Corcoran, PGA tournament bureau manager, who last year was involved in what Corcoran described as a "sneak punch" attack by Metz during a California tournament.

Blaming Corcoran for stirring rumors of both his purported enmity towards Dudley and his peeve at Nelson, Hogan challenged Corcoran by telephone to meet him face-to-face here.

Corcoran, who may or may not show up during the three-day session, described Hogan's charges as "utterly false" when interviewed at New York last night.

North Dakota Back Grid Score Leader

New York, Nov. 17 (AP)—A team which finished its schedule Nov. 7 and hid its light under a North Dakota bushel basket until this past weekend could boast today of having the leading individual collegiate football scorer to date.

Wesley Luther, shiftless freshman halfback for Minot (N.D.) Teachers College, quietly compiled 18 touchdowns in his seven games, five of them in the North Dakota Intercollegiate Conference. His coach, Herb Parker, belatedly disclosed the point-getting prodigy of his 18-year-old Rugby, N.D., back.

DETROIT LIONS BEAT REDSKINS

Detroit, Nov. 17 (AP)—Winnet twice in three starts, a feat they hadn't accomplished in three seasons, the Detroit Lions took heart today after a resounding 37 to 21 decision over the Washington Redskins and turned to sunny California, where they tangle next Sunday with the Los Angeles Rams.

The accurate pitching arm of Rookie quarterback Clyde Leflore, the Lion's former Tulsa university ace, who out-Baughed Washington's Sammy Baugh, accounted for three of Detroit's five touchdowns against the Redskins and set up both the others as well as Leroy Zimmerman's 20-yard field goal.

The Lions scored first on Leflore's pass to Kelly Mote, a touchdown play covering 47 yards just 3½ minutes after the game opened, and they never trailed, to the intense delight of the 19,192 fans.

Baugh's 23-yard pitch to former Michigan Halfback Bob Nussbaumer and Dick Poillon's conversion tied the score but before the opening period was over the Lions scored again, Tippy Madarik going over from the four-yard line after recovering Eddie Saenz's fumble on the 25.

Zimmerman booted his field goal in the second period and after Bill Ward had blocked Baugh's punt deep in Washington territory, Bill Dudley smashed across from the two to give the Lions a 24-7 halftime lead.

Leflore passed to Joe Watt on a 75-yard touchdown play in the third and hit again in the end zone with an 11-yard pitch in the final stanza to complete the Lions scoring. Zimmerman connecting on all five conversion attempts.

The Redskins got their second touchdown in the final period on Dick Poillon's one-yard smash climaxing a 76-yard march and scored again on Baugh's two-yard pass to End Ike Duckworth in the end zone as the final gun sounded. Poillon booted all three extra points, winning his third game in nine starts and its first in history from the Redskins, outgained Washington both on the ground (138 yards to 109) and in the air (317 yards to 258).

Baugh completed 20 of 31 passes for 174 yards but most of them were short and several for no gain at all. Leflore, connecting on 15 out of 24, passed for all of Detroit's 317-yard total.

The setback was the sixth in eight starts for Washington this year.

Wolverines Draw Bead On National Grid Title

Chicago, Nov. 17 (AP)—Already established as the Big Nine champion and unofficial Rose Bowl representative, undefeated Michigan today drew a bead on Notre Dame's national football crown which the also unbeaten Irish seemingly had recaptured until last Saturday.

The rampaging Wolverines, barring a sensational upset, should grab their ninth straight victory of the season against inept Ohio State Saturday as the conference season closes with a four-game program which will do nothing more than settle runner-up honors.

Michigan's form in routing once-hopeful Wisconsin, 40-6, to clinch the conference title at Madison, Wis., last Saturday was far more impressive than the performance of the Irish in hurling Northwestern, 26-19, at Evanston, Ill.

Wolverine partisans now can point to a wide Michigan statistical margin over Notre Dame against two mutual opponents, Western earlier belted Pittsburgh 49-21, while against Pitt, the Wolverines ran up a 69-0 count, contrasted with Notre Dame's 40-6 conquest of the Panthers.

Notre Dame and Michigan have been running one-two in the Associated Press poll of sports writers but last weekend's proceedings at Madison and Evanston, Ill., may change a lot of minds in this week's balloting.

Even if Michigan is spilled by Ohio State, a development which would stun an expected crowd of 80,000 at their Ann Arbor finale, the Wolverines still would hold the championship and Big Nine faculty representatives in their Rose Bowl poll scheduled next Sunday ostensibly would have no other choice except to send Coach Fritz Crisler's crew to Pasadena next New Year's day.

Saturday's closing card finds Wisconsin, Purdue and Illinois, the defending champion, battling for second place. The Badgers, despite their trimming by the Wolverines, currently hold the No. 2 spot with three victories, one defeat and a tie, and closed at Minnesota (2-3).

Illinois, which closed at Ohio State a 28-7 lacing behind the sharp-shooting of Perry Moss and Purdue, fresh from pounding Pitt, 28-0, as hurrying Harry Szuforski rushed 119 yards in 15 attempts, each have 3-2 league records.

The Illini wind up at home against down-trodden, but still spirited Northwestern (1-4), while Purdue tackles unpredictable Indiana (1-3-1) in their traditional scrap for the old oaken bucket at Bloomington. The Hoosiers warmed-up for the Boiler-makers with a 48-6 waltz over Marquette.

Iowa (2-3-1) ended its season with a startling upset of Minnesota, 13-7, to climax an all-around startling Hawkeye weekend in which Coach Eddie Anderson announced he was resigning his Iowa post.

Spartans May Hand Biggie Munn 'Best Season Grid Mark'

East Lansing, Nov. 17 (AP)—With only a season-ending game with the University of Hawaii left to hurdle, Michigan State's football team is in a position to hand head coach Biggie Munn the best first-year record of any Spartan coach in modern times.

A win over the Hawaii would give Munn seven victories and two defeats for his first year. To find the only comparable first year record, the chart checkers have to go back to the coaching days of John F. Macklin, who started his tenure with five wins and one lost in 1911.

Football enthusiasm is running high on the M. S. C. campus in tribute to the uphill fight the Spartans staged to make this a successful season despite its opening game thrashing inflicted by Michigan.

More than 500 rooters met the squad when its train pulled in Sunday on the return trip from Philadelphia and thousands of students cheered the players and coaches at an impromptu rally staged when they reach the campus.

The Spartans will take a vacation from football this afternoon for the first Monday since the season started. Munn planned to rest his charges after the Philadelphia trip that resulted in a 14-6 victory over Temple and won't start preparations for the meeting with Hawaii until Tuesday.

Although the Spartans will have a day off next Saturday, they will have only six days left for practice sessions on home grounds. The squad will leave here Wednesday of next week for the long haul to Hawaii to meet the island team at Honolulu Nov. 29.

City Cage Practice Games Scheduled

The schedule of practice games for the city basketball league follows:

Tuesday, Nov. 1—Harnischfeger Corporation vs. Cornell at Junior High at 7 p. m., Escanaba Independents vs. Bridges Construction at Senior High at 7.

Thursday, Nov. 20—Gladstone Lions vs. K. of C. at Junior High at 7.

Tuesday, Nov. 25—Harnischfeger Corporation vs. State Bank at Junior High at 7; Cornell vs. Gladstone Lions at Senior High at 7.

PACKERS UPSET BY CARDINALS

Chicago, Ill. (AP)—A flaming fourth quarter rally in which they scored two touchdowns to erase a 20-7 deficit gave the Chicago Cardinals a green snorting 21-20 victory over the Green Bay Packers here Sunday afternoon and knocked the once proud men of the Fox out of all except mathematical consideration for the championship.

Forty thousand fans—40,081 to be exact—saw it, and they won't soon forget it, as Jimmy Conzelmann's team came back from the very brink of defeat and then drew a smile from the gods to boot in the last 30 seconds when Ward Cuff sufficed a field goal from 23 yards out.

It was the second time in two weeks that Cuff, in the clutch, missed a goal that meant the game, or at least a tie. A week ago against the Bears, his attempt from the 29 for a tie with 21 seconds left, was blocked.

The Packers, though, had only themselves to blame for this one, their third straight defeat and their fourth by a total of nine points, for they had the game all but wrapped up and delivered as they changed goals for the fourth quarter. Not only did they lead, 20-7, but they had completely outplayed their foes. They seemed in. But then came the counter-charge and the Green Bay collapse. The Packers suddenly went flat, the Cardinals started to sizzle and, with more good football in 15 minutes than they had shown in the previous 45, they careened into the lead.

Leaf's Move Into National Ice Lead

By The Associated Press
The scramble for National Hockey League honors finds Toronto's defending Stanley cup champion Toronto Maple Leafs in first place again today with the fourth place Montreal Canadiens only four points off the pace.

Coach Happy Day's frisky Leafs moved to the front over the weekend by scoring 5-3 and 5-4 wins over the Detroit Red Wings and Chicago Blackhawks respectively.

STEAM BOILER BEING REPAIRED

E&LS Locomotive Being
Used To Serve City
Customers

Leak in two tubes of the large boiler at the city steam plant necessitating immediate repairs curtailed the production of municipal steam Sunday evening and today, City Manager A. V. Aronson reported.

A locomotive from Escanaba and Lake Superior railroad is being used to supplement steam produced in a small boiler at the steam plant but the total is insufficient to meet current needs of city plant customers. As a result the city has requested its heating customers to maintain a temperature of about 60 degrees until the repairs have been made to the large boiler.

"We hope to have the boiler repaired by Tuesday morning, Aronson said, "but it may take slightly longer than that. In any event the boiler should be back in operation shortly."

Aronson requested steam customers to maintain the 60 degree temperature throughout the evenings in order to prevent an unusually heavy early morning load while the repairs are being made. He said that it would be impossible to serve the customers with sufficient steam to bring their buildings up to 60 degree temperature if they permitted the temperature to drop much below it at point during the night.

The repairs are being made by the Pearson Boiler Works, replacing two tubes in the largest of two boilers at the steam plant.

The E&LS locomotive was placed into operation at the steam plant Sunday night after the fire was pulled from the disabled boiler.

Hunters from Uica, Mich., occupying one of the Nahma cabins are Steve Yombeck, Dick Hart, and Johnnie Buchoven.

Bromfield Blames Population Spurt For Rising Prices

Ann Arbor, Mich., (P)—A population increase accompanied by a reduction in agricultural output was blamed yesterday by author Louis Bromfield for the present high food prices.

Speaking at a rural education conference at the University of Michigan, Bromfield declared United States population has grown by 1,000,000 a year for the last eleven years while at the same time the average agricultural production per acre has declined.

"That produces a squeeze which is fundamentally at the bottom of the high prices of food now," the author said.

Bromfield also called for removal of all customs barriers "until all nations have free access to the world's raw materials."

Japs Find Spouses At Marriage Fair: Mothers Don't Help

Tokyo (P)—Three hundred Japanese—women hunting husbands and men seeking wives—paraded the banks of the Tama river looking each other over in a marriage fair sponsored by a marriage magazine, the newspaper Asahi reported.

Dressed in their best, they came from all parts of Honshu and Kyushu Islands. "A considerable number" found mates, Asahi said. Some of the women, the paper noted, "were accompanied by their mothers, which probably didn't help."

The procedure:
1. Register at the entrance to the grounds.
2. Get a number.
3. Place number on chest.
4. Walk up and down the bank, ogling each passerby.
5. Spot a likely prospect, take down the number, run to the registration tent and get a card file, giving the prospect's life history, (bank balance included).
6. Propose, if desired. This is done through a magazine representative—who gets a commission.

Gift of \$1.25 Cash Sent to Princess By Chinese General

Shanghai, (P)—The British-owned Shanghai North China Daily News has received 100,000 Chinese dollars (\$1.25, U. S.) from a retired Chinese general in Chungking, as a wedding gift to Princess Elizabeth.

The "humble present," Maj. Gen. Han Teh-Chen wrote, was for a princess who will be "another Queen Victoria."

The letter and gift from the general, who participated in the 1911 revolution which ousted a monarchy from China, were turned over to the British Consulate.

"Learning you are going to marry Lieutenant Mountbatten," the letter said, "I beg to be favored with the honor of congratulating you, whose virtue has long been respected by people all over the world."

"Strive for peace among Allied nations."
